FIRST Robotics - Team 467
FIRST Lego League
64 Holden St.
Shrewsbury, MA 01545

October 3, 2007

Dear Sir/Madam,

Shrewsbury High School FIRST Robotics needs funding to purchase the necessary materials to build a robot and bring it to competition. The Robotics Team is made up of students, mentors, and parents who put in countless hours to design and build a robot. In order to reach our fiscal goal, we will hold a calendar raffle during the month of January. We feel a donation from your business will greatly improve the success of our raffle.

In return for your kindness and generosity, we will publish the name of your organization, with thanks, on the back of the raffle calendar and in our Colonial Update that goes home to all Shrewsbury High School families. This being our 9th year in existence, we hope to make the Shrewsbury Community proud of our accomplishments.

Thank you for your consideration.

Nancy Donoghue
